AVIATORS FLIGHT LOG BOOK

751

NAME J A FAIRLEY

RANK OR RATE 1st Lt

BRANCH OF SERVICE USA

... wife is Mary
... Opera singer,

...ing back to resume
work. We'll stick together, for
the difficulty lies in making
financial settlements. We'll man-
age somehow. So far as the di-
vorce is concerned, they ought
to go through with the regular
formalities."

Flyer Hurled Into Propeller

HONOLULU, July 14.—(P)—Stan-
ley John Jaros, 33, chief aviation
mate and naval airplane pilot, was
killed today when bumpy air threw
him into the propeller of a twin-
motored patrol craft in which he
was flying with Lieut. Kenneth
Craig, naval pilot.

The accident occurred in ex-
tremely rough air at a height of
1000 feet. Jaros was thrown out of
the second pilot seat directly ahead
of one of the motors into the whir-
ring blades. His body fell into the
sea and was not recovered by
searching craft.

Jaros is survived by his mother,
Mrs. Katherine Jaros, Chicago.

First Lady Driving to Canada Home

Under the Act, states, counties and municipalities may be given up to 30 per cent of the cost of projects.

The additional 70 per cent may be loaned. From this the Government must expect its return, the President explained. He estimated there will be from \$1,400,000,000 to \$1,500,000,000 available for non-Federal projects.

Among the Federal public works he expects to approve, the President said, is the partially completed nine-foot channel in the upper Mississippi River. For this probably \$40,000,000 will be authorized.

A project to build a dam on the North Platte, to cost \$30,000,000 to \$40,000,000, may be approved.

FOR CITY POWER PLANTS

The President said if any state or municipality submitted proposals to build municipal lighting plants, they will receive his very favorable consideration.

The Cabinet public works control body meets tomorrow to consider Federal projects which were deferred and left off the original list for further study. Final recommendations will be made for appointment of ten regional public works administrators for the entire country. Appointment of these, together with selection of state advisory committees of three each, is expected early next week.

Then work can go ahead on some \$350,000,000 in state, country and municipal projects which must first pass scrutiny of the regional administrator.
